+92-327-188-6447 | sayyedakhuld13@gmail.com | [linkedin.com/in/sayyedakhuld](https://www.linkedin.com/in/sayyedakhuld) | Lahore, Pakistan

PROFESSIONAL SUMMARY

Detail-oriented BSc Information Technology student (CGPA 3.63) with a Python-based foundation in pandas, scikit-learn, and machine learning fundamentals—including classification, clustering, neural networks, and NLP—built through coursework, the IBM Data Science Professional Certificate, and applied project work. Currently gaining hands-on, production-facing ML experience as an intern at FlyRank AI, applying embeddings, clustering, and classification techniques to real-world data and turning model outputs into actionable insight.

TECHNICAL SKILLS

Languages & Querying: Python • SQL • Java • CSS

Python Libraries: pandas • NumPy • scikit-learn • XGBoost • Matplotlib • Seaborn

Data Visualization: Power BI • Tableau (basic) • Excel (Advanced) • Google Sheets

Databases: MySQL • PostgreSQL (fundamentals) • Database Normalization

Tools & Platforms: Jupyter Notebook • Google Colab • Git & GitHub • Streamlit • IBM Cognos

Core Competencies: EDA • Data Cleaning & Wrangling • Dashboard Design • KPI Tracking • Statistical Analysis • ETL Fundamentals

AI & Emerging: Machine Learning (Classification, Clustering, ANN, NLP & Embeddings) • AI Agent Development • Prompt Engineering

EXPERIENCE

Machine Learning Intern — FlyRank AI

July 2026 – Present

- Recently joined FlyRank AI's ML team, applying core machine learning and data workflows to real-world, production-facing use cases.
- Collaborating with engineers on applied ML tasks, building hands-on exposure to industry tooling and workflows beyond academic coursework.

PROJECTS

Telco Customer Churn Prediction

2026

[GitHub Repository](#) | [Live Streamlit Demo](#)

- Built an end-to-end ML pipeline on the IBM Telco Customer Churn dataset (7,043 customers, 33 features), explicitly handling ~27% class imbalance in the target variable.
- Trained and benchmarked Logistic Regression, Random Forest, and XGBoost with imbalance-aware techniques (`class_weight="balanced"`, `scale_pos_weight`); tuned the final Random Forest via RandomizedSearchCV (5-fold CV), selecting on F1-score and AUC-ROC rather than accuracy alone.
- Removed data-leakage features (Churn Score, Churn Reason, CLTV) prior to modeling and surfaced top churn drivers (month-to-month contracts, high charges with low tenure); deployed the tuned model as an interactive Streamlit dashboard.

AI Agents — Celestia

2025

Google / Kaggle AI Agent Intensive

- Completed Google's AI Agent Intensive covering LLM fundamentals (text embeddings, semantic representations), prompt engineering, and agent orchestration frameworks.
- Developed Celestia, an AI agent applying multi-step reasoning and tool-use patterns to automate analytical workflows.

Qalb ECG

MedTech Startup | Lahore, Pakistan

- Strategy & Research Lead — Entrepreneurship Capstone Project, University of Education | 2025. Applied data-driven decision-making and opportunity scoring to assess manufacturing costs, pricing, and go-to-market timing for the Pakistani healthcare market.

EDUCATION

BSc Information Technology, University of Education, Lahore

2024 – 2028

- CGPA: 3.63 / 4.0 — Merit Scholarship recipient; Chief Minister Punjab Laptop Award 2025.
- Relevant coursework: Artificial Intelligence, Data Analysis, Database Systems, Information Security, Software Engineering, Entrepreneurship.

Intermediate — Pre-Engineering (FSc), Govt. Graduate College Township, Lahore

2022 – 2024

CERTIFICATIONS

- IBM Data Science Professional Certificate — Coursera / IBM | Google AI Agents Intensive Certificate — Google / Kaggle
- Prompt Engineering for ChatGPT — Vanderbilt University / Coursera (Jules White) | AI for Everyone — DeepLearning.AI (Andrew Ng)

LEADERSHIP & EXTRACURRICULAR

- Active member, UE-IT Society and UE-Debating Society — University of Education; public speaking competitor with strong presentation and persuasion skills applied to startup pitching.
- Invested 150+ hours in structured professional development covering leadership, business communication, and problem-solving through the Career Prep Fellowship program.
